

SUNY Upstate Medical University seeks a **Program Director for the College of Health Professions Respiratory Therapy Education** department. The Program Director (PD) is responsible for the Program, both academically and administratively. The PD manages Program faculty including hiring part-time faculty, participates in and provides oversight of student recruitment/admissions, provides leadership in the development of curricular revisions for contemporary practice, provides fiscal oversight, performs continual review and analysis, and reviews the overall effectiveness of the program. Teaches required and elective courses.

**Qualifications:** Master's degree from an accredited academic institution required. Graduation from an accredited Respiratory Therapy program; a minimum of four years experience as an RRT with at least two years in clinical respiratory care. Minimum of two years of academic experience teaching in an accredited Respiratory Care Program, either as an appointed faculty member or as a clinical preceptor. Member of AARC including Education Section required. Candidates may be considered at a different title and salary based on qualifications.
