

Clinical Assistant Professor, Clinical Associate Professor, or Clinical Professor

Position Title Clinical Assistant Professor, Clinical Associate Professor, or Clinical Professor

Job Posting Number 202014FAC

Job Location Round Rock

Department Department of Respiratory Care

The Department of Respiratory Care at Texas State University invites applications for a clinical faculty position at the clinical assistant professor, clinical associate professor, or clinical professor rank for a nine-month appointment with possible summer employment annually. The successful applicant will receive the appropriate rank and title based on university and department standards. Salary will be commensurate with the candidate's experience and qualifications.

Position Description Responsibilities include didactic and clinical instruction. Areas of expertise include: anatomy & physiology, ECG & CXR interpretation, pharmacology, pulmonary pathology, neo/pediatric care, critical care, ventilator management/airway management, pulmonary rehabilitation, PFT testing, polysomnography, web-based and traditional teaching, and evidence-based respiratory care practice with documentation of recent clinical proficiency. Teaching, scholarly/professional engagement, and service activities are required for this clinical position. Position will require teaching on the Texas State University Round Rock campus and in Austin, Round Rock, and Temple area clinical affiliates.

Required Qualifications

1. Master's degree in respiratory care or a related field or 18 graduate hours in respiratory care.
2. Minimum of three years of experience in respiratory care.
3. Recent didactic and/or clinical teaching experience in respiratory care.
4. Eligible for RCP licensure in Texas.
5. Registered Respiratory Therapist (RRT) credential.
6. Record of accomplishments in teaching, scholarly/professional engagement, and service, appropriate for appointment at the rank of clinical assistant professor (less than five years teaching), clinical associate professor (minimum five years teaching), or clinical professor (minimum of ten years teaching).

Preferred Qualifications

1. Earned doctorate in a related field.
2. Clinical specialization, expertise, credentials in recognized areas of critical care, pediatric/neonatal, asthma education, pulmonary rehab, PFT/diagnostics, polysomnography or other recognized areas.
3. On-line/web-based course preparation expertise.
4. Professional membership with service in healthcare organizations.

Only applications submitted through the Texas State University website will be accepted and considered, <https://jobs.hr.txstate.edu/postings/25618>.

To ensure full consideration, please submit the following by July 15, 2019: 1) a letter of application expressing your intent to apply for the position and a detailed and supported explanation of how you meet the qualifications for the position; 2) current curriculum vitae; 3) three letters from professional references; and 4) unofficial transcripts from all degree-granting institutions.

**Application
Procedures**

Note that as part of our application process, we are requesting three letters of reference. Please provide the names and email addresses for your references in the Reference Letter section of the employment application. Upon submission of your application, an automated email will be generated and sent to your references with instructions on how to attach the reference letter to your application through a confidential online portal.

Selected candidates for interview will be required to provide official transcripts from all degree granting universities and proof of credentials.
