

Assistant Professor – Respiratory Care Faculty

The University of Toledo is seeking a full-time, tenure track faculty member for the Respiratory Care Program. The individual will be responsible for achieving Program objectives, goals, and outcomes required for continued CoARC accreditation. This individual may assume the position of Program Director or Director of Clinical Education depending upon qualifications and experience.

The Respiratory Care program is accredited through the Commission for Accreditation of Respiratory Care (CoARC).

Qualifications/Knowledge, Skills & Abilities (required):

- Terminal Degree or ABD but must have degree completed by time of hire.
- Licensed Respiratory Therapists are eligible to apply
- (Indicate minimum required to qualify RRT credential, Ohio RCP License (or eligible) or perform this job.)
- Area of specialization open
- Education/experience/licensing
- Strong desire to carry out publishable research

Preferred Qualifications:

- Communication and other skills
- Earned Doctorate (PhD, EdD, DO, MD, PharmD) or all but done
- Dissertation complete by time of hire
- Demonstrated record of research publication
- Record of involvement in either internally and/or externally funded grants
Minimum of 2 years clinical experience in acute care facility
- Teaching experience in a CoARC approved Respiratory Care Program

Pay Range:

- Salary commensurate with education and experience

Required Applicant Documents:

- Cover Letter
- Curriculum Vitae
- List of at least three reference

Other documents to include:

- Statement of Teaching Goals
- Statement of Research Goals

Optional Applicant Documents:

- Resume
