

University of North Carolina at Charlotte
Clinical Assistant Professor, Respiratory Therapy Programs
Department of Kinesiology

Position: Full-time, 9-month Clinical Assistant Professor, Respiratory Therapy Program, Department of Kinesiology starting August 2020.

Responsibilities: The position is responsible for advising and teaching specialized undergraduate courses, with some graduate instruction possible; and may serve as practicum coordinator within respiratory care programs. The successful candidate will provide professional service and contribute to the University's Diversity Plan. The successful candidate for this position will engage in high-quality online teaching and will participate in departmental governance and service activities.

The Department: The mission of the Department of Kinesiology at UNC Charlotte is to enhance lifelong optimal health in diverse populations through scholarly research, teaching, and community engagement. The Department contains undergraduate programs in Respiratory Therapy, Neurodiagnostics and Sleep Science and Exercise Science along with Master's degree programs in Kinesiology, Athletic Training and Respiratory Care. UNC Charlotte is North Carolina's urban research university, the third largest and fastest growing of 17 institutions in the UNC system. The 1,000 acre campus serves a diverse and growing student body of over 29,000 students including more than 5,000 graduate students, and over 1,000 full-time faculty. Charlotte, the 16th largest city in the U.S. is a dynamic, diverse metropolitan area of 2.6 million with a strong, diversified economic base that supports excellent cultural and recreational amenities, outstanding health facilities, and a major international airport. The Department has 22 full-time faculty serving over 1,000 undergraduate and 40 graduate students. The Department is housed in the College of Health and Human Services, which also includes the Department of Public Health Sciences, School of Nursing, and School of Social work.

Required Qualifications: Masters required in respiratory care, health science, education, or a related discipline from a regionally accredited university. Clinical experience as either a registered respiratory therapist (RRT) or physician is required. An active respiratory care practitioner license or eligible to obtain a license in North Carolina is required. Experience teaching in an academic respiratory therapy program or a combination of equivalent professional experiences is required.

Preferred Qualifications: A doctorate is preferred in a related field. Two years of college teaching experience in respiratory therapy is preferred. Advanced professional credentials/certifications (NPS, ACCS, RPFT, RPSGT, AE-C, etc) are preferred. Experience with distance education instruction is preferred but not required.

Salary: Salary will be competitive and commensurate with experience.
